Use MARFAK for more effective rocker-arm lubrication

Texaso Mariak Grosse has solved the problem. It is used for this critical labelosting job at an ever increasing number of the country's nigratus, firing service bases and avisation subsoli.

Ris an unaswal lubricant, Texaco Marfali Genue is highly recommended for cockersam lubrication and neclosed fersure-packed bearings because of its remarkable heat resistance and ability to elies to bearing surfaces, stay solt and preserve its lubricating qualities insact. It lusts lenger than other frence hightness.

Just make the test. Try Texaeo Marfak Genne of the proper frade. You will find it the most dependable heavy lubricant you have over used. Texaso Mariak Greaco, Texaso Airplane Oils and Texaso Aviation Gasoline are available at principal sirports throughout the United States.

AMELIA EARHART

So real the calle from Intend disputched by Win Dialout vian Mrs. Group Paters Persons in bane, after completing the first trans-fellowin of bane, after completing the first trans-fellowin old fight over much by a vocator, on strong a new need for speak laters to accessive transvars in preceded of the shift and courage with which Min Earbart justiced for enthosistent comfedence, shall from a Winzersy properly of the suquished dependently with which Min Earbart's Way region send there finds places.

The placement studies of Way-youred Lections in which Audion Earliess from Factor Grave in Lectionbury was accepted you helper the wheelf: Assoc Place.

She also relied on_

When Amelia Earhart landed in Ireland on May twentyfirst, she completed the fastest Atlantic crossing on record; thirteen hours and thirty minutes!

Great credit is due Miss Earhart and her associates for the careful preparation contributing to her hrilliant flight. Careful preparation has characterized all successful transatlantic flights, the list of which includes every attempt made using Stanavo products.
